

# April 2022 Dinner and Talk on US technology policy

**Date:**

**29 April 2022**

**Time:**

**5:30 pm to 8:00 pm**

**Location:**

**Independence Civic Center (6363 Selig Blvd, Independence, OH) in the Red Oak Room.**

To reserve your seat, for updated details or to register for streaming the talk, visit <https://www.clevelandieee.org/events/april-2022-dinner-and-talk>

**Agenda:**

5:30 Registration and Social

6:00: Dinner (buffet style with beef, chicken, fish and vegetarian options)

6:45: Russel Harrison speaks!

(The cost for dinner will be \$16 per person, with discounts available for IEEE members. Guests are welcomed and encouraged)

**Presenter: Russell Harrison**

IEEE USA's director of Government Relations

**Biography:** Russell is one of IEEE's most popular speakers, having addressed at over 270 local section meetings across the United States. He works directly with Congress, the White House and the media, to provide us with unique insights into technology policy

**Presentation:**

IEEE-USA is the eyes, ears, and voice for technology professionals in Washington. Join the Cleveland Section on April 29th to hear what we've been up to.

Our discussion will include:

- Efforts to create a legal structure to regulate AI
- Space policy and changes to NASA's mission and purpose
- Immigration reform, including changes to the H-1B and EB green card systems
- Cybersecurity, block chains, on-line privacy and other things Congress doesn't understand
- Anything else you want to discuss from Washington or Columbus
